

Environmental Policy

At Melbcon Pty Ltd, we recognise effective environmental management as a global priority and we actively support this priority.

We are committed to protecting and respecting the environment through outstanding environmental performance and efficiency in the conduct of our operations. Environmental, health and safety considerations are pivotal in our planning for all existing and new projects. We are committed to conducting business in a manner that manages environmental issues responsibly. We will fulfil this commitment by:

- The implementation of proactive, cost effective practices and process improvements, resulting in environmental improvement, waste reduction, energy and resource conservation and pollution prevention
- Encouraging reduction of energy and water consumption, improved waste management and recycling procedures.
- Ensuring compliance over and above all applicable environmental laws and regulations
- Striving for demonstrated leadership in addressing environmental concerns and achieving levels beyond compliance
- Ensuring continual improvement of employee environmental performance through detailed policies, procedures and audits to monitor performance and identify areas requiring improvement
- The promotion of effective environmental management by our suppliers and sub-contractors

Consistent with these objectives, Melbcon subscribes to the worldwide standard for environmental compliance. Our commitment to environmental awareness and preservation is reflected throughout our entire business including our project management, purchasing, supplier management programmes, our marketing and customer service. Our vision is shared by all of Melbcon staff, clients and suppliers.

A handwritten signature in black ink, appearing to read "Rodney Williams", with a long, sweeping horizontal line extending to the right.
